## FORM 2-3A Declaration of Schedule 2 Chemical Sold or Transferred from the Plant Site in the United States

Declaration and reporting requirements are set forth in Part 713 of the CWC Regulations (15 CFR 713).

Submit this form to identify each Schedule 2 chemical declared on Form 2-3, question 2-3.5, that was or will be sold and/or transferred domestically. This information pertains to Schedule 2 chemicals that were or will be produced, processed or consumed at the plant site.

For the INITIAL DECLARATION, submit this form for 1994, 1995 and 1996 if you sold or transferred the Schedule 2 chemical above the applicable threshold in any of those years.

For the ANNUAL DECLARATION ON PAST ACTIVITIES, review your records for the previous three years to determine if in any of these years you sold or transferred domestically the Schedule 2 chemical above the applicable threshold. If you did sell or transfer a chemical above the threshold, you must submit this form.

For the ANNUAL DECLARATION ON ANTICIPATED ACTIVITIES, submit this form if you anticipate you will sell or transfer domestically the Schedule 2 chemical above the applicable threshold in the next year.

In the upper right-hand corner of this form, enter the Plant Site Name or the U.S. Plant Site Code (once assigned) that you

entered on Form 2-1 (Schedule 2 Plant Site or Trading Company Identification).

Question 2-3A.x: Provide the CAS Registry Number, if assigned, and the Chemical Name, if known, in the appropriate space on the form for each chemical.

Identify the destination type for each chemical sold and/or domestically transferred. The destination types include **Other Industry** which may be another plant site owned by your company or another manufacturing company. **Trader** includes distributors and shippers, including companies engaged in international trade. **Other Destinations** include waste treatment or recycling facilities or other miscellaneous facilities.

Specify the SITC Code for up to five chemical product groups that contain the largest percentage of the Schedule 2 chemical. The SITC Codes are listed in Supplement No. 2.

If there is an insufficient number of blocks to record all of your domestic transfers, use additional copies of Form 2-3A. Indicate the page number of each additional page and total number of pages of Form 2-3A that are included in this submission using the format "page x of y" (as described at the bottom of Form 2-3A).
