## FORM 3-2 Declaration of Schedule 3 Plant

Declaration and reporting requirements are set forth in Part 714 of the CWC Regulations (15 CFR 714).

Submit this form for each declared Schedule 3 plant at the plant site. Plants which have produced any amount of Schedule 3 chemical for chemical weapons (CW) purposes at any time since 1 January 1946, must also complete this form.

Note: Submitters that only have reporting requirements for exports or imports of a Schedule 3 chemical are not required to submit this form.

Submit Form A to identify any additional information (e.g., site diagrams, maps, drawings, chemical structural formulas) you submit with your completed forms package.

Submitters should assign a unique name to the plant and the plant site, and record the name in the appropriate boxes in the upper right-hand corner of Form 3-2. The Department of Commerce will provide each submitter with a unique code for each declared plant and plant site. These codes, "U.S. Plant Code" and "U.S. Plant Site Code," will be the primary means of identifying both a plant and a plant site after the first declaration is submitted and the Department of Commerce

assigns the codes. The submitter should use these codes on all future declarations for a particular plant or plant site.

Questions 3-2.1 & 3-2.2: Provide the name and telephone and fax numbers of the owner and the operator or the occupant or the agent in charge of the plant.

Questions 3-2.1 & 3-2.2: Provide the building name or structure number, if used to designate the plant.

Question 3-2.4: Provide any additional information that will assist in identifying the location of this plant on the plant site (e.g., latitude and longitude, street address, landmarks).

Use Form A to identify any additional information (e.g., site diagrams, maps, drawings) that you are attaching to this declaration to locate this plant with reference to the declared coordinates. (Check the box if you are submitting an attachment to Form A.)

Question 3-2.5: For the main activities at your plant, provide one or more product group code(s) (Standard International Trade Classification (SITC) code) that describe the type of ultimate products manufactured at the plant.
